

BE SUN SAFE

The New Zealand sun is also very strong so it's important to take precautions, visitors often underestimate just how quickly you can get sunburned here! Make sure to wear a high quality sunscreen with an SPF of at least 30 and reapply after swimming. Bring a hat with you when adventuring outdoors and stay sun-safe. WORLD-LEADING SUN PROTECTION *launches in NZ*

Every Kiwi knows that the sun is a powerful force here over summer, and it's important to protect your skin while out and about. Skin-cancer expert Dr Sharad Paul believes that "suncare is the most important part of skincare" and has launched a scientifically proven range formulated especially for New Zealand weather conditions. Couriered anywhere in NZ within 48 hours.
